The Home Boys Entertained.

The skating rink was a scene of a continuous round of pleasure from 8 to 12 o'clock Friday night when the girls exercised their best efforts to entertain the young society men who had been giving them so many enjoyable skating parties at the rink during the past winter. The majority of the girls were dressed in white summer dresses and they were never so attractive and sociable as they were at this leap year party for the home boys. Each one was busy trying to make their guests have a good time and they most certainly succeeded. The Road Question.

Mr. J. D. Babbage:

Dear Sir:—In reading your paper for the last six months I have failed to notice any thing said about the roads. You claim to treat all with justice; and you always had a great deal to say when the roads were bad. Please tell us why you are so mum now, for the roads are worse now than they have been for twelve years. In fact, they are almost impassable, but we do not blame Charley Bohler for it. He is a good road man. We do blame you for concurring every other supervisor and laying all the bad roads to inefficient supervision when the roads that were worked most last year are now the worst roads we have. John, (if you will get a double rig, for one horse could not pull you,) and drive out 3 miles from town on any public road and then write the truth about the road question, the rig shall not cost you nothing. Now if you do not make the trip let us hear what you have got to say about the condition of the roads.

Respectfully,

Ex-Supervisor, Geo. N. Harris.

GRAND MEETING HELD BY A. S. OF E.

Farmers Meet At Hardinsburg Monday--Twelve Local Unions Represented.

RESOLUTIONS ADOPTED.

A large and representative body of farmers, members of the A. S. of E., and a number who were not members, but in sympathy with the society, met at Hardinsburg Monday. It was a regular meeting of the Breckenridge county Union. The local Unions were fairly well represented by delegates from twelve local Unions. There never was a more solid, substantial and thrifty body of farmers assembled at Hardinsburg. They were never more determined and loyal to their cause. They were happy, contented and prosperous. They were all in love and harmony; their only object seemed to be to keep in harmony and keep down disorder in their ranks. Conservatism reigned. Law and order was the key note. Better products, better prices and an equal deal to all seemed to be the supreme object of their coming together.

Mr. Shrewsbury, President of the county Union, called the meeting to order. In doing so, he said he thought it was strange that farmers cannot come together and unite on one thing and stand by it. He wished to impress on the member that whatever was done here today, should be done with the view to the best interests of the farmers, their neighbors and friends. Let us first be right; know that we are right, then go ahead and stand by it. "If we decided said he, to plant 10,000 hills to the hand, let every one of us do it. By doing this we keep down discontent and murmurings. There will be no trouble if every man sticks to his promises." He made a splendid talk, full of good advice and a spirit of fair dealing. Mr. Shrewsbury appointed the following committee on resolutions: W. R. Pierce, R. L. Burch, E. B. Oglesby, Dr. P. W. Foote, Lon Jarboe and Silas Miller. The committee retired and after a long consultation reported the following resolutions, which after some discussion were unanimously adopted.

We, your committee on resolutions, affirm our faith in the eternal principles taught in the official organs and the 3rd power book.

We realize that the present prices of farm products, while not yet remunerative, would be much lower if no attempt had ever been made by the organization to compel a living price.

We deplore the little disruption in the last Indianapolis Convention and feel that many of our loyal subjects are at a loss to know whose banner to follow. The next Convention, we think, will fully settle this question, and while we are waiting, we urge you all to stand together.

We condemn the lawlessness of the night riders, and as an organization, stand, talk and fight against such. On the other hand, we feel and know that the laws have been trampled and the farmer robbed to an extent that far outweighs present outrages and that two wrongs never made one right.

We demand our law makers to take prompt action against the trusts.

We urge all locals to send one delegate to attend the meeting to be held at Owensboro on April 18.

We also urge all local unions to get busy and pay their dues for on this depends the life and success of the American Society of Equity.

We recommend that the acreage be held to 10,000 hills to the hand, 5,000 to the half hand.

We universally condemn the Kentucky press for their unfair reports and methods to defeat the principles of Equity.
